

Lazzaroni

Since 1888, the Lazzaroni brand has represented the best in Italian pastry biscuits known and enjoyed throughout the world. The authentic original recipe has only been used by D. Lazzaroni & C., while imitated by many with little success. The same unaltered recipe is used to this day to produce Lazzaroni Amaretti di Saronno, and they are still wrapped by the original machines designed especially by D. Lazzaroni & C., which encloses them two at a time in fine, colored tissue paper to give the classic Lazzaroni look.
